Standard Time Deposit

Mara Marchetti
Unit 339, Pallas Ring 10

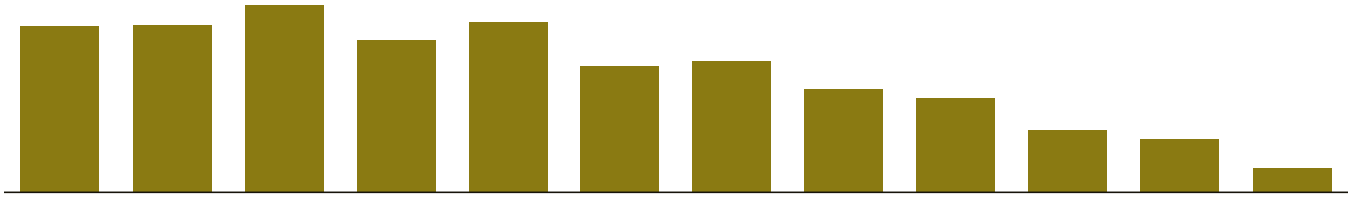

Account 8564-7630-1663
Period 1–31 January 2980
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
1,324,123,337 s	**+9,664,312 s**	**-120,268,532 s**	**1,213,519,117 s**

Date	Description	Amount (s)	Balance (s)
02 Jan	Slippage fee (Vancouver Sector, 6 transfers)	-3,600	1,324,119,737
	Wages from Phobos Drydock come to you with the slippage already taken at source, so this line concerns only the seconds you moved yourself. The officer has checked the division twice, and it is correct. Ref. CIBT-2980-DFDB-3		
02 Jan	Transfer to joint account	-3,415,165	1,320,704,572
	Your employer's pay for the month went into the joint account rather than your own, which Faro Zelenko-Grisolm says is the first sensible thing Phobos Drydock has done. The Bank has posted the credit under both names and has taken no view of the employer. Ref. CIBT-2980-D3B5-9		
10 Jan	Payroll credit: Phobos Drydock	+5,691,942	1,326,396,514
	Phobos Drydock writes its remittance advice in pencil on a card that has been used for 54 years, and the figure on it is the figure we posted. Nobody at the office has said why the card is still in service, and the Bank has not asked. Ref. CIBT-2980-6E0F-2		
10 Jan	Turbulence Cover	-20,146	1,326,376,368
	The Teller reads the word "turbulence" aloud at each renewal, slowly, as though it might be used against us. It has never been used against anyone, and she continues to read it anyway. Ref. CIBT-2980-BA29-9		
12 Jan	ATM withdrawal: Vancouver Sector	-259,200	1,326,117,168
	The machine at Vancouver Sector was taken out of service for the Authority's inspection, and the withdrawal on the 12th was posted 29 days later, when the machine was returned. The Bank has noted the inspection and the withdrawal, and has paid no interest on the wait. Ref. CIBT-2980-3C06-1		
13 Jan	ATM withdrawal: Vancouver Sector	-86,400	1,326,030,768
	The machine at Vancouver Sector dispensed One Standard day without comment. The Teller, asked for her view, says it is more sensible than most of the staff on the concourse, and asks that this not be repeated to the machine. Ref. CIBT-2980-DBBE-0		
18 Jan	Temporal Health Plan	-36,927	1,325,993,841
	A claim settled on the 18th was recorded with the provider's clock, which was 15 minutes fast. The provider has been asked to correct its records; the reimbursement stands and you need do nothing. Ref. CIBT-2980-88CF-0		
30 Jan	Transfer to own account: Vancouver Sector	-116,447,094	1,209,546,747
	The sundry slip is left on the counter with one corner turned down. The officers have come to read this as a request to hear the total before anything else is said. Ref. CIBT-2980-8185-5		
31 Jan	Interest at 3.60% APY	+3,972,370	1,213,519,117
	A second of interest accrued on this account in 2975 is carried forward from a ledger page nobody has been able to name. It has been added to the balance, as the Bank does with seconds it cannot account for. Ref. CIBT-2980-1E70-2		

Closing balance, month by month

Highest 1,830,378,313 s · lowest 1,213,519,117 s

February 2979 January 2980

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
