Opening balance	Credits	Debits	Closing balance
1,061,644,996 s	**+154,516,978 s**	**-3,705,672 s**	**1,212,456,302 s**

Date	Description	Amount (s)	Balance (s)
04 May	ATM withdrawal: Vancouver Sector	-172,800	1,061,472,196
	The cash was dispensed on the 4th but not debited until 29 days later. The machine's record went through two relays and a clerk who had to sign for it, and interest on the sum was calculated from the day you took it. Ref. CIBT-2983-68F3-5		
04 May	Deposit: Hall E	+145,640,102	1,207,112,298
	Io's window takes deposits through a hatch the colour of the vents, and the envelope is wiped down with a cloth before the Teller will touch it. The sum was counted in gloves and found to agree with the slip, which the Io office says is its own kind of miracle. Ref. CIBT-2983-198A-1		
10 May	ATM withdrawal: Vancouver Sector	-86,400	1,207,025,898
	The Audit Committee sampled this line and asked for the machine's own timestamp to be set against the branch's. The two differ by 54 seconds, which is inside the tolerance set for the concourse and is recorded as tolerated, not as explained. Ref. CIBT-2983-CE32-1		
15 May	Transfer to joint account	-3,415,165	1,203,610,733
	For the auditors: the joint transfer to 8564-6956-4004 was checked against both holders' copies of the mandate, and the two copies were read against each other before the figure was accepted. They agree on every word except the one that was supposed to differ. Ref. CIBT-2983-559A-2		
21 May	Payroll credit: Phobos Drydock	+5,691,942	1,209,302,675
	A wage from Phobos Drydock was credited to a holder with no name on the register. The fraud office asked whether it was the holder it has been chasing for 7 years, the answer was no, and the office has asked that the sum be kept where it can be seen. Ref. CIBT-2983-A721-3		
22 May	Temporal Health Plan	-15,018	1,209,287,657
	The entry on your last statement described a dental check as a surgical procedure. It was a dental check. The description has been corrected; the charge, which was always for a check, is unchanged. Ref. CIBT-2983-CEEC-6		
23 May	Turbulence Cover	-16,289	1,209,271,368
	Claim paid for a delay the carrier now describes as a short pause. The Bank has paid it at the usual rate for a pause, and the carrier has declined to say how long a reconsideration takes. Ref. CIBT-2983-D20A-5		
31 May	Interest at 3.60% APY	+3,184,934	1,212,456,302
	The Teller says the interest is correct and then asks whether you intend to be pleased by it. You do, and she writes "pleased" in the corner, beside the figure, where there is room. Ref. CIBT-2983-3833-3		

Closing balance, month by month

Highest 1,467,104,979 s · lowest 1,047,140,890 s

June 2982 May 2983

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
