Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
3,046,529,099 s	**+49,008,308 s**	**-3,998,892 s**	**3,091,538,515 s**

Date	Description	Amount (s)	Balance (s)
02 May	Temporal Health Plan	-39,855	3,046,489,244
	A consultation billed to the wrong branch has been moved to Hall E on this statement, and the fee recalculated on that branch's schedule. The reimbursement itself is unchanged. Ref. CIBT-2997-4D77-9		
04 May	ATM withdrawal: London Sector	-259,200	3,046,230,044
	London Sector dispenses in days and reports in days and seconds, and the receipt carries both. The two figures agree, and the Bank has asked the machine to print them in the order the customer reads them. Ref. CIBT-2997-9BCA-4		
14 May	Turbulence Cover	-25,472	3,046,204,572
	Jory Marchetti observes that a delay of 54 minutes is the same length on every carrier's form, though the carriers would dispute it, and that the policy pays on the minutes regardless. Ref. CIBT-2997-2132-9		
25 May	ATM withdrawal: London Sector	-259,200	3,045,945,372
	Your 3 Standard days was dispensed at London Sector and posted here after the relay had carried the notice across, which took 31 days. The machine had paid it out the same afternoon, and nobody on either side was in a hurry. Ref. CIBT-2997-59DE-6		
27 May	Transfer to joint account	-3,415,165	3,042,530,207
	Each month on the 27th the joint account sends 3,415,165 to 8564-6956-4004, and the payment is entered as a transfer. The holders have been asked which they prefer, and have said they would rather keep it as it is. Ref. CIBT-2997-32AF-5		
28 May	Deposit: Hall E	+34,176,779	3,076,706,986
	Phobos Drydock pays a share of each deposit into your account on the first morning of the month, and the sum is entered before the window is open, the officers counting it by lamp. The slip arrives with a sweet wrapper flattened with care tucked behind it. Ref. CIBT-2997-E39E-5		
29 May	Payroll credit: Phobos Drydock	+5,691,942	3,082,398,928
	The wage for the 29th was paid in days and the deduction for the Phobos Drydock canteen in seconds, so the statement divides one sum by two units of measure. The Bank has checked the division and found the canteen to have been right all along. Ref. CIBT-2997-F96F-0		
31 May	Interest at 3.60% APY	+9,139,587	3,091,538,515
	The half-second rule is old: half up on the first working day of the month and half down on every other. This period closed on the first working day, so the odd half-second has gone to you, and the officer has noted it in the margin in pencil. Ref. CIBT-2997-21FD-6		

Closing balance, month by month

Highest 3,091,538,515 s · lowest 2,502,931,113 s

June 2996 May 2997

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
