Date	Description	Amount (s)	Balance (s)
01 Sep	Transfer to joint account	-3,415,165	3,029,818,370
	The auditors have recorded that the two halves of this joint account agree to the same second as of the 1st, which they describe as the first time the halves have matched without being asked to. Ref. CIBT-3000-F730-9		
16 Sep	Temporal Health Plan	-26,901	3,029,791,469
	The charge for posting your explanation of benefits has been returned. The explanation had been sent by mistake to a member with the same surname, who wrote back to say that it was very clear and that he had not needed it. Ref. CIBT-3000-5F49-7		
19 Sep	Transfer to own account: Svalbard	-25,489,235	3,004,302,234
	This line sat 29 days in the sundries tray at Svalbard while the officer worked out where it belonged. It belongs here. The tray has since been cleared, and the officer has asked for a larger one. Ref. CIBT-3000-AF2E-9		
27 Sep	Payroll credit: Phobos Drydock	+5,691,942	3,009,994,176
	The receiving charge on the Phobos Drydock wages has been waived for a second look at the remittance advice. The advice agreed with the credit on the first reading, which the Bank records as the usual result, and the employer has been asked to send the advice once, not twice. Ref. CIBT-3000-6E16-1		
27 Sep	ATM withdrawal: Svalbard	-86,400	3,009,907,776
	Replacing the machine at Svalbard on the 27th changed its unit: the new one counts in days where the old one counted in halves. Your withdrawals before and after the change have been converted at the rate of the day, and the total is unchanged. Ref. CIBT-3000-E0B3-9		
30 Sep	Interest at 3.60% APY	+9,099,700	3,019,007,476
	You read the interest line before anything else on each statement, and then read the rest in the same order as before. The Teller has noted that the habit has not changed since 2995, and sees no reason it should. Ref. CIBT-3000-7F6F-4
