Opening balance	Credits	Debits	Closing balance
36,854,601 s	**+376,494 s**	**-757,983 s**	**36,473,112 s**

Date	Description	Amount (s)	Balance (s)
02 Aug	Transfer to joint account	-139,288	36,715,313
	One holder's share arrives from Kepler Ring Hydroponics in a wax-sealed envelope, which the holder opens with a thumbnail and reads twice, once for the sum and once for the seal. Ref. CIBT-3003-20B5-5		
19 Aug	Payroll credit: Kepler Ring Hydroponics	+232,147	36,947,460
	Overtime from Kepler Ring Hydroponics for the period came to 232,147, and was taken down to the whole sol as the schedule requires. The remainder is not lost; it sits in the employer's own column, which the employer has asked us to keep, and we have. Ref. CIBT-3003-F93F-6		
22 Aug	Transfer to own account: Phobos	-273,095	36,674,365
	No fee is charged for a sundry raised to correct another sundry. The Bank holds that a correction should cost no more than the error, and this one, by that reckoning, cost nothing. Ref. CIBT-3003-620A-5		
26 Aug	ATM withdrawal: Phobos	-259,200	36,415,165
	You take your cash from the Phobos machine with the right hand and count it with the left, which the officer on the concourse describes as a form of agreement with yourself. Ref. CIBT-3003-A3CD-9		
27 Aug	ATM withdrawal: Phobos	-86,400	36,328,765
	You stand at the machine with your back to the queue until the receipt has printed. The officer has stopped asking you to step aside, and the queue at Phobos has learned to wait. Ref. CIBT-3003-16D2-9		
31 Aug	Interest at 4.70% APY	+144,347	36,473,112
	The Ceres branch pays interest on a day slightly longer than ours, so this line covers more of the Bank's calendar than the line above it. Both are correct, and the depositor has been asked not to add them together. Ref. CIBT-3003-07CE-7

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
