Date	Description	Amount (s)	Balance (s)
11 May	Payroll credit: Ganymede Heights Infirmary	+2,376,149	189,536,138
	The employer's office at Delhi Sector sent this month's wages with a note asking the Bank to confirm that the figure includes its own holiday. It does. Ganymede Heights Infirmary has paid that holiday every year since before the holiday was agreed, which the Bank counts in the employer's favour. Ref. CIBT-2964-6182-2		
24 May	ATM withdrawal: Delhi Sector	-172,800	189,363,338
	Replacing the machine at Delhi Sector on the 24th changed its unit: the new one counts in days where the old one counted in halves. Your withdrawals before and after the change have been converted at the rate of the day, and the total is unchanged. Ref. CIBT-2964-DFBB-3		
25 May	Deposit: Hall E	+21,021,859	210,385,197
	A deposit from the Mars branch is entered on the local sol and credited on ours, so it sits a few days older on this statement than it did in the envelope. The Mars office asks us to say that the sol was long. Ref. CIBT-2964-4BCA-3		
30 May	Temporal Health Plan	-38,673	210,346,524
	The Teller has checked your receipts for 2 sessions against the clinic's copies. The two sets agree line by line, including the receptionist's note in the margin, which says "good to see you." Ref. CIBT-2964-ED63-5		
31 May	Interest at 3.90% APY	+608,269	210,954,793
	Asked whether the rate was the right rate, the Teller said that she had not chosen it, had not been consulted, and had been reading it out for years with no sign of its objecting. She then read it out. Ref. CIBT-2964-A0FE-5

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
