Opening balance	Credits	Debits	Closing balance
372,803,712 s	**+19,656,717 s**	**-466,967 s**	**391,993,462 s**

Date	Description	Amount (s)	Balance (s)
06 Jan	Memory Vault: box 67-100, quarter	-259,200	372,544,512
	Every quarter the Vault sends box 67-100 a short statement of its own rent and humidity, addressed to the box and filed under the holder. The holder keeps them with the statements, where they are the only ones that never ask a question. Ref. CIBT-2987-77B0-2		
09 Jan	ATM withdrawal: Singapore Sector	-172,800	372,371,712
	The withdrawal was put off until the machine had finished its quarterly self-check, which took 29 days and was started, on this occasion, the day before you asked. The cash was paid the moment the check finished. Ref. CIBT-2987-F50A-4		
22 Jan	Temporal Health Plan	-34,967	372,336,745
	The fee for the 22nd consultation was not taken, the clinic having closed for the afternoon and the plan declining to bill for a waiting room nobody sat in. The chairs have been counted, and all of them were empty. Ref. CIBT-2987-1506-2		
24 Jan	Deposit: Hall E	+18,445,105	390,781,850
	Note for the auditors: a second, smaller slip was found folded inside the first, signed with the depositor's initials and no sum. The counter has treated it as a receipt for the larger slip, and asks the auditors to say whether it is one. Ref. CIBT-2987-9EB5-3		
31 Jan	Interest at 3.90% APY	+1,211,612	391,993,462
	Each month you ask for the interest figure to be read aloud at the counter, and then ask for it again, more slowly. The Teller obliges both times and asks us to note that you have never disputed a single digit. Ref. CIBT-2987-CB16-4

February 2986 January 2987

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
