Date	Description	Amount (s)	Balance (s)
02 Jan	ATM withdrawal: Singapore Sector	-259,200	390,541,876
	The officer on the concourse counted the notes back to you in front of the machine and found them correct. She mentions this only because you did not look at them while she was doing it. Ref. CIBT-2992-1FD4-3		
07 Jan	Deposit: Hall E	+15,550,656	406,092,532
	The Europa branch is reached through an ice airlock with two doors, and an envelope must wait between them while the first one closes. The sum was credited when the second opened, and the officers at Europa say the wait is the only part of the transaction that cannot be made any quicker. Ref. CIBT-2992-976C-7		
09 Jan	Slippage fee (Singapore Sector, 7 transfers)	-2,100	406,090,432
	Ganymede Heights Infirmary charges your share of the relay's fee to its own staff account and then bills you for the portion attributable to your transfers, calculated to the second from the slip you were handed at the counter. The slip is the only document the firm has ever asked to see. Ref. CIBT-2992-517F-1		
18 Jan	Temporal Health Plan	-25,749	406,064,683
	Reimbursement for 5 sessions was rounded to the nearest five minutes of the provider's clock, as the schedule requires. The difference has been added to your cover period, which is the only thing the plan is able to add. Ref. CIBT-2992-B2B5-9		
24 Jan	Memory Vault: box 67-100, quarter	-259,200	405,805,483
	The receipt shows the rent in days and the humidity in seconds, a pairing the holder finds unhelpful and the custodian finds exact. Both figures are correct, and the statement keeps them on separate lines. Ref. CIBT-2992-E641-8		
31 Jan	Interest at 3.90% APY	+1,270,103	407,075,586
	The statement shows interest to the second. The balance itself is held to the tenth, so the figure printed is a rounding of the figure used. The difference goes to the Bank's favour in each month and to yours in each year, which is the arrangement the Bank describes as balanced. Ref. CIBT-2992-5E3C-4

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
