Date	Description	Amount (s)	Balance (s)
14 Jul	Transfer to joint account	-5,063,058	1,575,247,648
	The Teller asks each month whether the account is still in both names. It has been in both names since 2959. She records the answer and nothing else, which is how she has come to know the account well. Ref. CIBT-2963-B25E-0		
17 Jul	Deposit: Hall E	+30,078,551	1,605,326,199
	The firm has asked to be told on each deposit whether it arrived before the holder's own deadline. The Bank has been able to say yes every time since 2959, which the firm has framed in its foyer. Ref. CIBT-2963-2D4A-7		
18 Jul	Memory Vault: box 39-589, quarter	-259,200	1,605,066,999
	Box 39-589 has been moved to the shelf above the one it held in 2962, the lower shelf having taken water from a pipe nobody can locate. The box is dry, and the pipe has not been reported again. Ref. CIBT-2963-EBC7-9		
21 Jul	ATM withdrawal: The Belt	-259,200	1,604,807,799
	The sum on this line is your expenses float from Phobos Drydock, drawn at The Belt and accounted for on a form that asks you to name every clerk you spoke to. You listed them all, and the form has been filed without comment. Ref. CIBT-2963-D735-9		
26 Jul	Payroll credit: Phobos Drydock	+8,438,430	1,613,246,229
	On The Belt wages are paid in shifts from a counter that opens only when the shift changes. This credit arrived at the change and was counted by a clerk who had been waiting for it since the start of the shift, which the local officer describes as the last sensible hour of the day. Ref. CIBT-2963-CC82-2		
31 Jul	Interest at 3.90% APY	+5,136,009	1,618,382,238
	The interest on the 31st line was calculated on last month's closing balance, because the deposit had been keyed in after the figure was struck. The figure has been worked again, the 27 seconds owed are credited on the next line, and the deposit is where it was. Ref. CIBT-2963-9DBA-8
