Period 1–30 June 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
16,266,938 s	**+2,344,159 s**	**-192,714 s**	**18,418,383 s**

Date	Description	Amount (s)	Balance (s)
02 Jun	ATM withdrawal: New Orleans Sector	-172,800	16,094,138
	Your standing withdrawal of 2 Standard days is made at New Orleans Sector on the 2nd of each month. The custodian arranges for the machine to be ready an hour before you arrive, and it always is. Ref. CIBT-3003-C438-4		
06 Jun	Turbulence Cover	-19,314	16,074,824
	On the Mars run the claim form carries two dates, one by the sol and one by the Standard calendar, and the underwriters have printed both in the same box so that neither has to be left out. Ref. CIBT-3003-8103-2		
23 Jun	Payroll credit: Montréal Sector Transit	+130,966	16,205,790
	Wages from Montréal Sector Transit arrive with the firm's own duty roster, which the payroll office enters as a separate line for the auditors' benefit. The roster has had no effect on the sum. Ref. CIBT-3003-60DD-6		
23 Jun	Deposit: Hall E	+2,169,815	18,375,605
	The pension scheme at Montréal Sector Transit sends its monthly deposit in the same envelope each time, the slip folded in three. This month the slip was folded in four, and the window spent a full minute deciding whether that mattered. Ref. CIBT-3003-F5A3-7		
24 Jun	Slippage fee (New Orleans Sector, 2 transfers)	-600	18,375,005
	The crossing was slow because the relay was waiting for a second confirmation from New Orleans Sector, and the confirmation was waiting for a clerk who had stepped out. The clerk has been asked to step back in sooner, and has said he will try. Ref. CIBT-3003-7CAF-5		
30 Jun	Interest at 3.20% APY	+43,378	18,418,383
	Credited while you were at lunch, the interest was, in the Teller's view, the first sensible use anyone has made of the Bank's time this quarter. Ref. CIBT-3003-23BB-1		

Closing balance, month by month

July 3002 June 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
