Date	Description	Amount (s)	Balance (s)
05 Aug	Slippage fee (Svalbard, 1 transfers)	-300	113,424,263
	The relay at Svalbard would not send a crossing until it had been assured the crossing was expected. Yours was expected by the Bank in the usual way, and the Bank has said so in writing, which the relay has filed. Ref. CIBT-3003-2951-7		
10 Aug	Transfer to own account: Svalbard	-5,386,772	108,037,491
	For the auditors: the Authority's levy on this account was calculated on the reference second of the day before, which the Authority revised at midday. The levy has been recalculated on the revised figure, and the difference is 0.30 seconds. Ref. CIBT-3003-C5C6-9		
20 Aug	Payroll credit: the Lagrange Four Commissary	+1,186,209	109,223,700
	Wages from the Svalbard mining office are converted at a rate the office sets itself, once a year, on the day of its founding. The Bank does not object to the day. It asks only that the rate be posted before it arrives. Ref. CIBT-3003-0A81-6		
31 Aug	Interest at 3.80% APY	+359,177	109,582,877
	For the auditors: the balance, the rate and the number of days are printed in full on the reverse, so the figure can be rebuilt without the Bank's help. The auditors have tried it twice and asked for a third copy to check their own working. Ref. CIBT-3003-99C0-7

September 3002 August 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
