Period 1–31 January 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
69,862,928 s	**+11,185,513 s**	**-518,400 s**	**80,530,041 s**

Date	Description	Amount (s)	Balance (s)
05 Jan	Memory Vault: box 98-437, quarter	-259,200	69,603,728
	The Lunar Freight Co-operative asked the Vault to store its staff's recollections of the firm's first year, in a single box with your name beside its own. The Vault has agreed, on condition that the firm does not ask what they are for. Ref. CIBT-3003-B169-4		
09 Jan	Deposit: Hall E	+9,764,919	79,368,647
	The second officer initialled the slip before the Teller had finished counting. The Teller has minuted this as an indiscretion, in the same hand as the initials. Ref. CIBT-3003-C759-0		
11 Jan	Payroll credit: the Lunar Freight Co-operative	+1,176,074	80,544,721
	A dust front kept the Lunar Freight Co-operative remittance at Io for 30 days, and it crossed once the air had cleared. The wage is credited for the day it was earned, not the day it arrived, and the dust has been billed nothing. Ref. CIBT-3003-9F34-8		
19 Jan	ATM withdrawal: Io	-172,800	80,371,921
	The machine at Io sits under the dome, and its cash comes out of a slot kept warm by the lamps overhead. The sum was dispensed in cycles and posted here in seconds, as the local office had promised. Ref. CIBT-3003-17B4-0		
23 Jan	ATM withdrawal: Io	-86,400	80,285,521
	The machine at Io keeps the local day, so your withdrawal was logged there before the 23rd had begun at the Head Office. The date on this line is ours; the time on the receipt is theirs. Ref. CIBT-3003-1CA7-4		
31 Jan	Interest at 4.20% APY	+244,520	80,530,041
	For the auditors: the interest on this account was checked against the balance curve twice and by hand once, and all three agree. The officer has initialled the copy and fastened it with a clip shaped like a small question mark, and asks that nothing further be done to it. Ref. CIBT-3003-0BA8-3		

Closing balance, month by month

Highest 80,530,041 s · lowest 12,564,853 s

July 3002 January 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
