Date	Description	Amount (s)	Balance (s)
04 Nov	ATM withdrawal: Luna	-86,400	206,532,451
	The statement previously read 86,400 as the sum withdrawn. That was the sum requested. The sum paid was One Standard day, and the difference was never taken from your balance, so the figure on this line is the one to keep. Ref. CIBT-3003-1C05-5		
10 Nov	ATM withdrawal: Luna	-259,200	206,273,251
	The Automated Temporal Machine at Luna is the only one on its world that pays in days rather than in coin. Depositors who use it write about it in the visitors' book, usually as though it were a privilege, and the branch has never corrected them. Ref. CIBT-3003-9DFA-8		
18 Nov	Slippage fee (Luna, 7 transfers)	-4,200	206,269,051
	Slippage on the money Uma Galloway sends you is nil, since it is sent on the Bank's own relay and the seconds stay where they are put. The officer notes this for completeness and has not been asked to explain it. Ref. CIBT-3003-041A-2		
25 Nov	Deposit: Hall E	+15,815,373	222,084,424
	No counter fee applies. The packet came back across the counter once for a missing signature, and the Bank does not charge a holder for a second trip, which it has learned to regard as the holder's own way of saying thank you. Ref. CIBT-3003-4556-0		
27 Nov	Payroll credit: the Lunar Freight Co-operative	+1,176,074	223,260,498
	No slippage was charged on the Lunar Freight Co-operative remittance, because the sending desk and Hall E draw on one clock. A crossing that never happens cannot be billed, and nobody has tried. Ref. CIBT-3003-C52E-7		
30 Nov	Interest at 4.20% APY	+723,165	223,983,663
	You have moved the interest to 8564-3739-9459 on the 30th of every month without fail, arriving at the branch a little early each time. The officers now set the kettle by your arrival. Ref. CIBT-3003-E86F-7

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
