Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
55,490,881 s	**+936,267 s**	**-432,000 s**	**55,995,148 s**

Date	Description	Amount (s)	Balance (s)
03 Jan	ATM withdrawal: Io	-259,200	55,231,681
	The Phobos machine is bolted to a rock that passes over the Head Office's relay for only part of each orbit, and it pays out only inside that part. Your withdrawal was made in the window and posted in the next. Ref. CIBT-3003-D4D6-0		
16 Jan	Payroll credit: Kepler Ring Hydroponics	+179,819	55,411,500
	Pay from Kepler Ring Hydroponics came through the Positive Contact desk at Io, which holds wages in its own unit until the employer's contract is confirmed. The desk asks that the sum be shown without comment, and it is shown without comment. Ref. CIBT-3003-8D81-7		
27 Jan	ATM withdrawal: Io	-172,800	55,238,700
	Where a withdrawal falls between two whole cycles the machine pays the lower and reports the higher. The Bank has posted the lower, which is the sum you received, and keeps the higher on the machine's own roll. Ref. CIBT-3003-1DEA-9		
27 Jan	Deposit: Hall E	+585,352	55,824,052
	The deposit was received in a sealed envelope with a second envelope inside it, addressed to the Head Office and marked not to be opened until the holder has finished with it. The Bank has credited the outer sum and filed the inner envelope, unopened, where such things are kept. Ref. CIBT-3003-2B6E-7		
31 Jan	Interest at 3.70% APY	+171,096	55,995,148
	Isolde Eversley says interest is paid for patience and not for performance, and that a statement of it is therefore a form of thanks. The thanks is itemised to the second. Ref. CIBT-3003-F478-1

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
