Date	Description	Amount (s)	Balance (s)
07 Jan	Slippage fee (Venus, 2 transfers)	-1,800	789,334,151
	The Teller has never once heard the relay apologise for a slow crossing, and has never asked it to. She considers the arrangement suitable to both of them and to neither. Ref. CIBT-2977-BFF9-0		
22 Jan	ATM withdrawal: Venus	-172,800	789,161,351
	The withdrawal was made at a quarter past the machine's own hour, which the Teller notes is the only time the machine has ever been on time. Ref. CIBT-2977-B429-2		
23 Jan	Payroll credit: Titan Methane Works	+8,559,819	797,721,170
	No conversion fee was taken on this credit. The days were converted at the posted rate, which has carried no fee since it was first posted, and the Bank has seen no reason to start one. Ref. CIBT-2977-9A9D-4		
25 Jan	Memory Vault: box 88-730, quarter	-259,200	797,461,970
	Correction: box 88-730 was recorded at Hall E on the 25th, but it has been kept at Venus since 2975. The register is now right, and the custodians have been asked which of their own records they will correct next. Ref. CIBT-2977-BF74-0		
25 Jan	Deposit: Hall E	+78,871,005	876,332,975
	The slip gave 31 envelopes and the counter found 8. The slip was wrong, having been filled in before the envelopes were opened, and the Bank does not hold it against the slip. Ref. CIBT-2977-E8ED-9		
31 Jan	Interest at 3.20% APY	+2,104,895	878,437,870
	Part of the interest waited at the Venus relay while the local office explained that its own day had been split in two for a festival. The second half had to be counted from the first. Ref. CIBT-2977-2B82-9
