Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
1,340,182,032 s	**+12,133,637 s**	**-89,120,234 s**	**1,263,195,435 s**

Date	Description	Amount (s)	Balance (s)
04 Aug	ATM withdrawal: Europa	-86,400	1,340,095,632
	Correction explained: the receipt for your One Standard day withdrawal at Europa gave the time as the machine's own clock, which was 15 seconds fast. The withdrawal is recorded at the branch clock, which is the one that counts for statements. Ref. CIBT-2997-3BCC-0		
05 Aug	ATM withdrawal: Europa	-259,200	1,339,836,432
	A small standing withdrawal of 259,200 runs from 8564-8933-5708 each quarter for the upkeep of box 88-730. It is drawn at Europa, so that the cash and the box are never in the same building at once. Ref. CIBT-2997-9A65-8		
13 Aug	Slippage fee (Europa, 6 transfers)	-5,400	1,339,831,032
	The far relay at Europa keeps its reference by the turning of a ring, so each crossing is recorded against the ring's position on the day it was sent. The ring was slow on the 13th, and the fee of 0.30 s stands as the ring had it. Ref. CIBT-2997-2330-9		
14 Aug	Payroll credit: Titan Methane Works	+8,559,819	1,348,390,851
	The payroll office gave the wrong remitter reference for this credit, which is why it was held at the counter for 28 days. The reference has been corrected and the credit posted to the right account. Ref. CIBT-2997-21D0-4		
14 Aug	Transfer to own account: Europa	-88,769,234	1,259,621,617
	The charge for copying a letter was held while the copy was checked against the original, which had been filed under 8564-8933-5708. The copy matched. The original turned up on the second shelf, and the charge has been posted. Ref. CIBT-2997-4C65-5		
31 Aug	Interest at 3.20% APY	+3,573,818	1,263,195,435
	Your interest is credited on the afternoon Titan Methane Works pays its wages, and the two arrive in one envelope with a slip for each. The Teller has asked the firm to put the slips in separate envelopes, so that the interest does not look as though it had been earned by work. Ref. CIBT-2997-E53B-8		

Closing balance, month by month

September 2996 August 2997

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
