Date	Description	Amount (s)	Balance (s)
01 May	Deposit: Hall E	+91,708,015	1,379,375,731
	You count your envelope before you seal it and write the total on the outside, so the counter can check it against the slip in the time it takes to say the figure. Most holders have never heard of this method. The Bank has adopted it. Ref. CIBT-3003-B6BA-9		
03 May	Payroll credit: Titan Methane Works	+8,559,819	1,387,935,550
	For the auditors: the Titan Methane Works wages on this line were compared with the remittance advice, the employer's ledger and the Bank's own posting, and all four show the same sum to the second. The auditors asked why this was worth noting, and the answer is in the file. Ref. CIBT-3003-1272-2		
15 May	Slippage fee (Singapore Sector, 2 transfers)	-1,800	1,387,933,750
	Titan Methane Works asked that the slippage on its remittances appear on a separate line, so that its accounts department can see what it is paying for. The line is shown. It is the only line on your statement that anyone at Titan Methane Works has read in full. Ref. CIBT-3003-8E40-3		
31 May	Interest at 3.20% APY	+3,433,780	1,391,367,530
	Whether or not you look at it, the interest grows, which the Teller says is the only thing about it she would call comfortable. Ref. CIBT-3003-8292-1
