Period 1–31 January 3014
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
692,433,818 s	**+10,406,309 s**	**-8,151,883 s**	**694,688,244 s**

Date	Description	Amount (s)	Balance (s)
06 Jan	Memory Vault: box 88-730, quarter	-259,200	692,174,618
	The custodian who inspected box 88-730 on the 6th was not the holder's usual custodian, and the register has been amended to say that the box did not mind. Ref. CIBT-3014-0B83-1		
07 Jan	ATM withdrawal: Europa	-259,200	691,915,418
	The machine at Europa keeps its own calendar, so your withdrawal was logged there before the 7th had begun at the Head Office. The date on this line is ours; the time on the receipt is theirs. Ref. CIBT-3014-A220-3		
11 Jan	Transfer to own account: Europa	-7,371,883	684,543,535
	Your statement called this a service charge. It was a service that had been charged, which is a different thing in the ledger and the same sum in your pocket. The description has been amended. The figure, 0.30 s, stands. Ref. CIBT-3014-A262-9		
17 Jan	Payroll credit: Titan Methane Works	+8,559,819	693,103,354
	Titan Methane Works was asked to explain why its pay runs one cycle short every 49 periods. Its reply, filed with this statement, says the cycle is kept by the employer for the ceremony of the wage. The Bank has accepted the reply and has not asked for the cycle back. Ref. CIBT-3014-2B38-3		
18 Jan	Slippage fee (Europa, 4 transfers)	-2,400	693,100,954
	The crossing was postponed 28 days because the far office had no spare second that week, every spare second having been booked for a Positive Contact desk ahead of yours. The desk paid its fee in full and has said it will not be delayed again. Ref. CIBT-3014-B3BD-1		
19 Jan	ATM withdrawal: Europa	-259,200	692,841,754
	Sunniva Yardley says a machine that pays out in whole cycles is the Bank's way of agreeing that nobody is owed the last second. Ref. CIBT-3014-9326-2		
31 Jan	Interest at 3.20% APY	+1,846,490	694,688,244
	A correction to the 31st line: the figure was copied from last period's worksheet, which had been pinned to the wrong month. The difference is 28 seconds, credited with the next line, and the sum was checked with a ruler, the ledger's columns having been pencilled over before it was posted again. Ref. CIBT-3014-39B3-5		

Closing balance, month by month

Highest 1,204,784,709 s · lowest 692,433,818 s

February 3013 — January 3014

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
