Date	Description	Amount (s)	Balance (s)
01 Dec	Temporal Health Plan	-23,324	33,795,649
	The premium on your last statement was rounded to the whole hour instead of the whole second, which is the plan's habit with premiums and not with claims. The difference of 0.980 of an hour has been returned, and the statement shows the figure in seconds. Ref. CIBT-2995-6A1A-0		
07 Dec	Payroll credit: Belt Ore Consolidated	+153,415	33,949,064
	Belt Ore Consolidated's Titan office pays in sols from a dock clock that runs slow against ours, so each remittance arrives early by the length of a long breakfast. The difference is reconciled every month and never mentioned. Ref. CIBT-2995-2197-8		
11 Dec	Deposit: Hall E	+948,363	34,897,427
	A correction to the 11th line: the deposit was posted in sols and again in seconds, and the two postings were read as two deposits. One has been reversed, and the sum shown is the one counted at the window. Ref. CIBT-2995-3A8B-5		
25 Dec	Mech Veterans' Time Pension	+65,737	34,963,164
	A levy paid to Belt Ore Consolidated out of this pension was refunded this month, the reading room it funded having closed for 29 days with no reason given on the notice. The room has since reopened, and the levy has not been renewed. Ref. CIBT-2995-4B56-2		
29 Dec	Slippage fee (Mars Station, 7 transfers)	-6,300	34,956,864
	The 29 days your transfers spent at the Mars Station relay were not a fault. The relay was asked to hold each one until the reference it works from had been confirmed by the Head Office, and it held them, as it does, without comment. Ref. CIBT-2995-296C-5		
31 Dec	Interest at 4.70% APY	+132,457	35,089,321
	You measure the balance against the interest with a ruler on the counter, line by line, and check the last digit with your thumb. The officers have agreed the ruler is yours and have stopped asking you to put it away. Ref. CIBT-2995-EB85-1
