Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
28,626,672 s	**+499,533 s**	**-210,492 s**	**28,915,713 s**

Date	Description	Amount (s)	Balance (s)
03 Jun	Slippage fee (Ganymede, 3 transfers)	-2,700	28,623,972
	The Ganymede branch reckons slippage in the local cycles and passes the result on unrounded. The Head Office rounds it to the second. The branch has asked for the rounding to be stated on the statement, and it has been, in small type. Ref. CIBT-3002-7635-0		
12 Jun	Payroll credit: Belt Ore Consolidated	+153,415	28,777,387
	You ask the officer to read the deduction line of the pay slip aloud at the counter, and then to read it again, and then to write the figure in the margin. The officer does so every month, to the second, and says the figure each time as though it were the first. Ref. CIBT-3002-A520-3		
12 Jun	Mech Veterans' Time Pension	+58,239	28,835,626
	The rate on your last statement was copied from the schedule for another branch, which printed the same figure in the same year. The correct rate is shown here, and the difference is credited below. Ref. CIBT-3002-6397-4		
20 Jun	Temporal Health Plan	-34,992	28,800,634
	You bring your receipts to the counter folded in thirds and ask for them back folded in quarters. The Teller has done so for 2998 without asking why, and says the answer is in your claims, where it has not yet been found. Ref. CIBT-3002-91D0-9		
24 Jun	Deposit: Hall E	+175,758	28,976,392
	Counted at the window while the Teller was reading a letter from her sister about a kettle. The count is right. The kettle is not mentioned anywhere else on the file. Ref. CIBT-3002-592B-3		
26 Jun	ATM withdrawal: Ganymede	-172,800	28,803,592
	The 0.30 s fee for this withdrawal would ordinarily have been taken on the 26th. It was not, because the cash was drawn on a day the machine was not on the books at all, and the Bank does not recognise a withdrawal on a day it does not recognise. Ref. CIBT-3002-035F-9		
30 Jun	Interest at 4.70% APY	+112,121	28,915,713
	At the firm's request, the Belt Ore Consolidated line is paid in cycles and converted at the close, since the firm keeps its books on that unit. The rounding goes to the firm, which has asked us not to mention it. Ref. CIBT-3002-1562-3		

Closing balance, month by month

Highest 28,915,713 s · lowest 21,958,113 s

July 3001 — June 3002

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
