Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
26,222,201 s	**+436,820 s**	**-469,903 s**	**26,189,118 s**

Date	Description	Amount (s)	Balance (s)
04 Jul	Mech Veterans' Time Pension	+53,073	26,275,274
	Belt Ore Consolidated paid into your pension scheme for 2 years before the Bank took over the entitlement. The statement shows the scheme's last contribution and the Bank's first payment. The two figures are not the same, for reasons the scheme has declined to explain. Ref. CIBT-3003-ED08-9		
09 Jul	ATM withdrawal: Titan	-259,200	26,016,074
	A withdrawal of 3 Standard days at Titan was made on a card whose number is one digit away from Account No. 0's. The machine paid it, the branch has no record of issuing the card, and the auditors have chosen, for the present, not to ask which digit. Ref. CIBT-3003-A675-5		
12 Jul	Deposit: Hall E	+127,629	26,143,703
	Asked whether the notes were new, the Teller said they were fresh to the envelope and used to the holder, which she considers the only accurate description of money she has ever been asked to accept. Ref. CIBT-3003-699D-4		
19 Jul	ATM withdrawal: Titan	-172,800	25,970,903
	The 2 Standard days you drew at Titan is an advance against Belt Ore Consolidated's pay, authorised in writing by its payroll office and to be recovered from the next credit. Ref. CIBT-3003-E2F5-0		
21 Jul	Payroll credit: Belt Ore Consolidated	+153,415	26,124,318
	The wage was rounded to the nearest whole second on the employee's own written instruction, which gave the reason as "it looks neater". The instruction is on file. It is the only one of its kind the auditors have seen. Ref. CIBT-3003-1785-1		
23 Jul	Temporal Health Plan	-37,903	26,086,415
	The handling charge on this claim came to 0.975 of a cycle, which the schedule rounds to nothing, and the plan has been obliged by its own rules to say so in writing. Ref. CIBT-3003-5040-9		
31 Jul	Interest at 4.70% APY	+102,703	26,189,118
	A standing instruction moves the interest from this account to 8564-1419-5789 on the first working day of each period, and moves it back on the second. The arrangement has run for 3 years, and the balance has never once been asked to explain itself. Ref. CIBT-3003-4FF0-8

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
