Unit 399, Pallas Ring 10

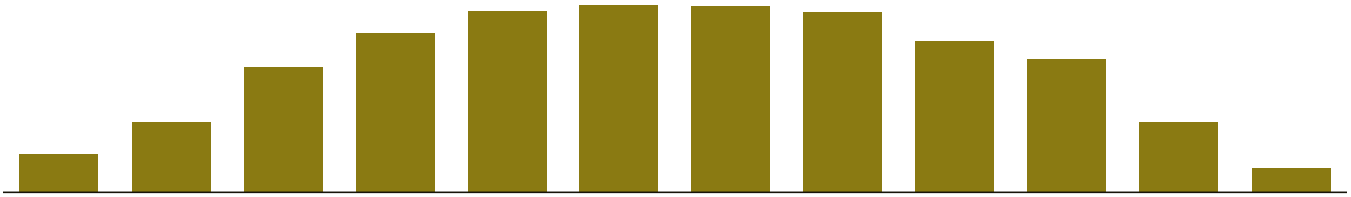

Account 8564-9040-9708
Period 1–31 July 3010
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
13,979,223 s	**+259,625 s**	**-2,124,116 s**	**12,114,732 s**

Date	Description	Amount (s)	Balance (s)
05 Jul	Mech Veterans' Time Pension	+51,459	14,030,682
	The Teller has noticed that the pension arrived on the day it was due. She says she has seen few pensions do so without being chased, and has put a small mark beside the line. Ref. CIBT-3010-72F1-0		
09 Jul	Temporal Health Plan	-25,040	14,005,642
	The plan's premium on the 9th was paid with a parish stipend attached, which the plan's officer describes as an unusual pairing and has not objected to. Ref. CIBT-3010-8D5F-3		
10 Jul	ATM withdrawal: Svalbard	-259,200	13,746,442
	The concourse staff call the machine at Svalbard by a name the Bank does not record. The Teller asks that you be told, in confidence, that the name is affectionate. Ref. CIBT-3010-6F7E-4		
28 Jul	Payroll credit: Belt Ore Consolidated	+153,415	13,899,857
	Svalbard keeps the wage for its workers in a cabinet on the platform and releases it to the Bank by the same train that brings the post. The train is late more often than the wage, and the wage has never once been early. Ref. CIBT-3010-E002-1		
28 Jul	Transfer to own account: Svalbard	-1,580,676	12,319,181
	A sundry sent from Mars was held 30 days because Mars and the Head Office disagree on which day begins the second week. It was posted on the day both offices now accept, which was the day both had already agreed to dispute. Ref. CIBT-3010-94A2-0		
30 Jul	ATM withdrawal: Svalbard	-259,200	12,059,981
	The withdrawal was held for 31 Standard days because the local clock showed it as made on the previous day. The Bank has accepted the machine's account of the date; the sum is the sum you asked for. Ref. CIBT-3010-A208-5		
31 Jul	Interest at 4.70% APY	+54,751	12,114,732
	Your interest was held at the Svalbard branch while its reconciler confirmed that no second of the period had been counted twice. None had. The interest posts with the whole period included. Ref. CIBT-3010-49D6-7

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
