Zola Abernethy
Unit 161, Pallas Ring 10

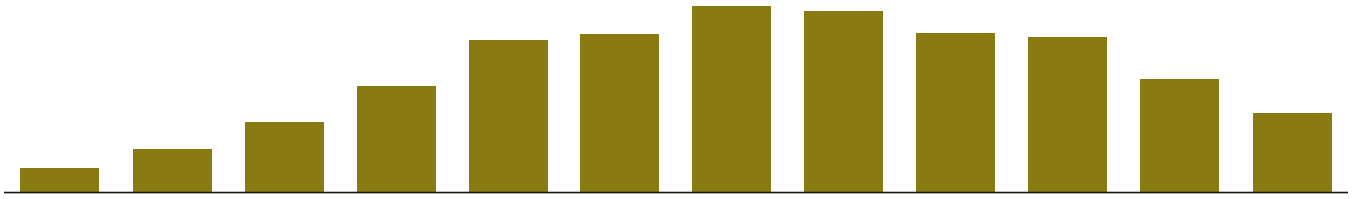

Account 8564-9040-9708
Period 1–31 January 3013
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
15,265,056 s	**+280,471 s**	**-1,995,171 s**	**13,550,356 s**

Date	Description	Amount (s)	Balance (s)
04 Jan	Slippage fee (Io, 8 transfers)	-2,400	15,262,656
	The reconciliation hall's note on your account reads, in full: "Clocks agree. Seconds do not." The officer has pinned it to the file and asks that it not be removed. Ref. CIBT-3013-9BFC-9		
08 Jan	Payroll credit: Belt Ore Consolidated	+153,415	15,416,071
	The wage was earned and paid on the same day, which the payroll office describes as rare enough to be worth a line of its own. The Bank has therefore put it on a line of its own and left the rest of the page as it was. Ref. CIBT-3013-3F94-9		
13 Jan	Transfer to own account: Io	-1,971,051	13,445,020
	The second officer signed this adjustment with the same pen as the last one, and asks that the pen be retired. Nobody has yet said where it should go. Ref. CIBT-3013-DA57-0		
25 Jan	Mech Veterans' Time Pension	+67,268	13,512,288
	Your pension from Belt Ore Consolidated was paid a day ahead of the trustees' calendar, and the trustees were told afterwards. They have written to say they would have preferred to be asked, and to ask whether a day ahead is also a day behind somewhere else. Ref. CIBT-3013-3B6D-8		
28 Jan	Temporal Health Plan	-21,720	13,490,568
	The reimbursement on your last statement showed 2 sessions as one line, because the clinic had billed them as a course. The plan has split the course back into its days, which is how the clinic describes the sessions, and the sum is the same. Ref. CIBT-3013-B1B3-1		
31 Jan	Interest at 4.70% APY	+59,788	13,550,356
	The 31st interest was printed on a typewriter whose figure 9 sits a little below the line and reads as a 0 under a magnifier. The statement has been run again; the sum was always calculated on the correct figure, and only the page was wrong. Ref. CIBT-3013-8BB3-8

February 3012 January 3013

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
