| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 06 Jan | Mech Veterans' Time Pension | +69,977 | 31,580,817 |
| | Asked whether the sum was right, the Teller checked it against the schedule, then against your hand, then against the window, and found the three in agreement. She said she would not be the one to upset them. Ref. CIBT-3023-4435-8 | | |
| 09 Jan | ATM withdrawal: L4 Habitat | -259,200 | 31,321,617 |
| | The machine at L4 Habitat kept 3 Standard days for 57 minutes while the relay on the far side of the ice confirmed that the local clock had been set back. It had not been, and the withdrawal is dated to the minute you asked for it. Ref. CIBT-3023-8F40-6 | | |
| 12 Jan | Payroll credit: Belt Ore Consolidated | +153,415 | 31,475,032 |
| | The staff scheme has paid the handling charge on your Belt Ore Consolidated wages as part of a benefit shown on the advice. No charge has come to your account, and the benefit is real; the scheme has left a copy of the form on file. Ref. CIBT-3023-CCAF-9 | | |
| 12 Jan | Deposit: Hall E | +331,071 | 31,806,103 |
| | The Teller says that in all her years at the window she has been surprised by a great many people and by almost no envelopes at all. This one was no exception, and the sum on it was right. Ref. CIBT-3023-35BF-0 | | |
| 23 Jan | Temporal Health Plan | -36,058 | 31,770,045 |
| | Cover under Belt Ore Consolidated's scheme was extended for 29 days after your contract ended, as the scheme allows for a member on a posting. The extension is at the employer's expense and appears on no line of yours. Ref. CIBT-3023-DDDD-2 | | |
| 28 Jan | ATM withdrawal: L4 Habitat | -259,200 | 31,510,845 |
| | Your weekly draw at L4 Habitat has been 3 Standard days for 5 weeks running. The machine treats the sum as a payroll of its own and prints it at the top of the receipt, where it can be seen. Ref. CIBT-3023-2E5F-2 | | |
| 31 Jan | Interest at 4.70% APY | +123,417 | 31,634,262 |
| | The window shuts at the hour the day is closed for interest, one second before the clock says so, and the figure is rounded to the second at that moment. The rule was set in 3018 and has not been changed to suit anybody. Ref. CIBT-3023-F32C-8 | | |

### Closing balance, month by month

Highest 31,634,262 s · lowest 21,691,738 s

February 3022 — January 3023

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
