Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
69,735,315 s	+1,316,842 s	-351,000 s	70,701,157 s

Date	Description	Amount (s)	Balance (s)
03 May	ATM withdrawal: Oakland Sector	-172,800	69,562,515
	Cash at Oakland Sector, the third time this month you have asked for days and then asked for them back in figures. The machine does not mind. The Teller, consulted, says that she does, a little. Ref. CIBT-3003-D208-0		
05 May	Payroll credit: St. Catherine Bakeries	+802,017	70,364,532
	St. Catherine Bakeries pays in the first week of the month. The Teller has begun to say good morning to the envelope before she opens it. Ref. CIBT-3003-CAD1-7		
07 May	ATM withdrawal: Oakland Sector	-172,800	70,191,732
	This withdrawal fell exactly on a half-second, which the machine rounds up and the branch rounds down, so the account is charged 2 Standard days and the difference is a breath. Ref. CIBT-3003-5E93-8		
09 May	Deposit: Hall E	+323,053	70,514,785
	The envelope for the 9th was sealed by the depositor, opened by the officer, resealed by a second officer and checked by the auditor, who found the same figure at each opening. The seal is kept with the auditor's initials on the back. Ref. CIBT-3003-2F03-7		
29 May	Slippage fee (Oakland Sector, 9 transfers)	-5,400	70,509,385
	The statement counted the crossing from Oakland Sector as a crossing to it. Both stations are printed on the same board, so the mistake is an easy one to make; the direction has been corrected and the fee is unchanged. Ref. CIBT-3003-3890-0		
31 May	Interest at 3.30% APY	+191,772	70,701,157
	Audit note: interest on this account was accrued for 29 days at 3.30% and posted once, not every second, because the posting clock at Hall E runs in minutes. The Committee has asked for the seconds to be restored in the next audit, with the interest on them. Ref. CIBT-3003-1C40-4		

Closing balance, month by month

June 3002 May 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
