| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 08 Aug | Turbulence Cover | -17,993 | 16,470,111 |
| | Turbulence Cover, the premium for 3 crossings at the posted rate. A surcharge for the New Orleans Sector lakes is shown on its own line, so that it can be disputed separately, and has been disputed once already. Ref. CIBT-2991-4241-6 | | |
| 25 Aug | Slippage fee (New Orleans Sector, 2 transfers) | -600 | 16,469,511 |
| | The audit sample for this line covered 2 crossings all made within a single Standard hour, and the auditors asked whether an hour could be audited as one transaction. The Bank has replied that it cannot, and that it has tried. Ref. CIBT-2991-FFE4-4 | | |
| 29 Aug | Deposit: Hall E | +314,595 | 16,784,106 |
| | The sum reached the window 31 days late, because the depositor had taken the long way round a flooded street and would not be hurried by a closed bridge. Interest does not run on the way round, only on the arrival. Ref. CIBT-2991-154B-3 | | |
| 31 Aug | Interest at 4.80% APY | +65,952 | 16,850,058 |
| | A depositor at Hall E asked for the interest to be paid in hours rather than seconds. The teller explained that an hour is only a sum of seconds, and the depositor said he would wait for the rest of them. Ref. CIBT-2991-EF75-0 | | |

## Closing balance, month by month

September 2990 August 2991

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
