Opening balance	Credits	Debits	Closing balance
52,520,855 s	**+994,833 s**	**-704,195 s**	**52,811,493 s**

Date	Description	Amount (s)	Balance (s)
01 Jan	Transfer to joint account	-185,795	52,335,060
	Kofi Marchetti-Quigley has initialled the foot of every joint statement since 2999, always a moment after you have. The officers have stopped looking up when the second set of initials appears. Ref. CIBT-3003-64DF-2		
10 Jan	ATM withdrawal: Ganymede	-86,400	52,248,660
	A draw landing exactly on half of a cycle is paid to the even second, the machine's rule, which the Bank has adopted from the old ledgers and has not been asked to defend. Ref. CIBT-3003-E610-8		
13 Jan	Memory Vault: box 17-746, quarter	-259,200	51,989,460
	The custodian who inspected box 17-746 on the 13th was not the holder's usual custodian, and the register has been amended to say that the box did not mind. Ref. CIBT-3003-1A4C-1		
23 Jan	Mech Veterans' Time Pension	+140,172	52,129,632
	The rank on your last statement was one above the rank you were discharged with. The Pensions Office has corrected the line. Your pension was always paid at the lower rate, so the correction is only to the printing, and the apology is the only thing you are owed. Ref. CIBT-3003-132C-5		
24 Jan	Deposit: Hall E	+648,955	52,778,587
	Every envelope you deposit is sealed before it reaches the counter, and each is opened in the order you sealed it. The officers record you as the most orderly holder on file. Ref. CIBT-3003-092A-8		
25 Jan	ATM withdrawal: Ganymede	-172,800	52,605,787
	The Mars Station machine dispenses from a drawer kept at the low-gravity setting, so the notes come out slightly thicker and are counted twice at the window for that reason alone. Ref. CIBT-3003-E086-5		
31 Jan	Interest at 4.70% APY	+205,706	52,811,493
	The Lagrange Four Commissary has asked that the interest on its deposit be paid to you and not to the firm. Its accountant has written to say this will cost the firm 0.30 s a week, which the accountant intends to recover in other ways. Ref. CIBT-3003-5084-7

February 3002 January 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
