Date	Description	Amount (s)	Balance (s)
04 Jan	ATM withdrawal: Svalbard	-172,800	56,594,015
	Withdrawal of 2 Standard days on the first working day of the month, as it has been since 2985. The machine knows the figure by heart and no longer asks you to confirm it. Ref. CIBT-2990-C00E-4		
08 Jan	Transfer to own account: Svalbard	-830,792	55,763,223
	Sundry charge for holding a balance in days at Svalbard. The local office applies it to any account it has to look at twice, and it has looked at yours twice. Ref. CIBT-2990-07AB-6		
16 Jan	ATM withdrawal: Svalbard	-172,800	55,590,423
	Audit note: the machine's tally for Svalbard differs from the withdrawals on this statement by 0.974 day. The difference is cash-time rounding, which the Committee has accepted since 2989, and the two agree once it is applied. Ref. CIBT-2990-B2DE-5		
21 Jan	Payroll credit: Harbourfront Shipping	+214,255	55,804,678
	Harbourfront Shipping's office at Svalbard pays its wages a day ahead of the local calendar, so the credit lands here before the work it pays for has finished there. The office asks that the work be considered finished from the moment it is paid for, which the payroll clerk says is the usual view on that world. Ref. CIBT-2990-58CB-4		
21 Jan	Slippage fee (Svalbard, 2 transfers)	-1,800	55,802,878
	Last statement's total included 600 seconds that belonged to the relay and not to you. They have been taken back, the relay has been informed, and the relay has written to say it had noticed. Ref. CIBT-2990-54D5-8		
31 Jan	Interest at 4.00% APY	+189,222	55,992,100
	Interest is rounded down to the second and the fraction credited to the Bank's suspense account, which is not the depositor's, though the two have been close for centuries. Ref. CIBT-2990-158A-5

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
