Unit 391, Pallas Ring 10

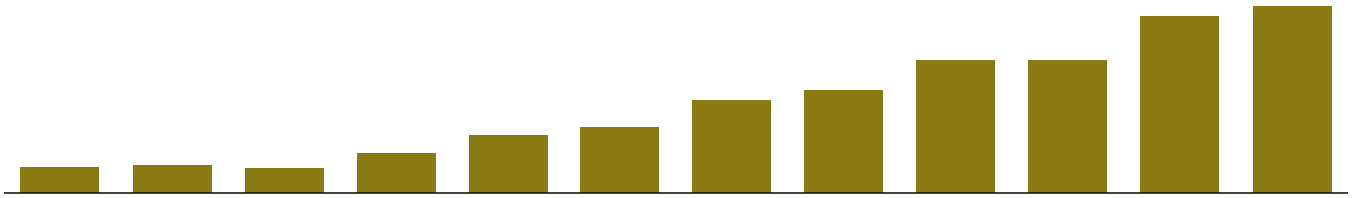

Account 8564-9495-9708
Period 1–31 March 3012
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
32,462,717 s	**+697,928 s**	**-3,600 s**	**33,157,045 s**

Date	Description	Amount (s)	Balance (s)
08 Mar	Deposit: Hall E	+375,464	32,838,181
	The Teller says that in all her years at the window she has been surprised by a great many people and by almost no envelopes at all. This one was no exception, and the sum on it was right. Ref. CIBT-3012-E497-1		
14 Mar	Slippage fee (Titan, 4 transfers)	-3,600	32,834,581
	The Venus Cloudport crossing is charged at a lower fee in the morning, when the cloud is thin enough for the signal to pass through, and at the full fee at noon, when it has to climb. Your transfers went at noon. The relay calls that hour the climb, and the fee is 3,600 s. Ref. CIBT-3012-76C9-1		
16 Mar	Payroll credit: Harbourfront Shipping	+214,255	33,048,836
	Wages from Harbourfront Shipping arrive on the last working day of each month, and have done so since 3008. The Bank has never been asked to change the day and has never had a reason to. Ref. CIBT-3012-AAC6-9		
31 Mar	Interest at 4.00% APY	+108,209	33,157,045
	The statement shows interest accrued to the close of the Pallas Ring 10 day. The balance on your card does not include it, since the card reads the balance at the instant of a withdrawal, and an instant does not contain a day's interest. The two agree within 19 seconds, which the card calls a tolerance. Ref. CIBT-3012-6D37-6		

Closing balance, month by month

April 3011 March 3012

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
