Opening balance	Credits	Debits	Closing balance
61,951,734 s	**+206,505 s**	**-1,008,778 s**	**61,149,461 s**

Date	Description	Amount (s)	Balance (s)
04 Jun	ATM withdrawal: Mars Station	-172,800	61,778,934
	You use a staff card from Harbourfront Shipping at its canteen machine, which draws on your account and is charged to the Bank as a withdrawal. Harbourfront Shipping asks that its sums be shown as one line a week, so the figure on this statement is the week's total. Ref. CIBT-3024-FB2E-6		
12 Jun	Slippage fee (Mars Station, 1 transfers)	-600	61,778,334
	Slippage on 1 crossings, sent from Hall E to the Mars Station relay. The relay's clock runs several seconds apart from the Head Office's, and that difference, measured at each change of shift since 3019, is the whole of the fee. Ref. CIBT-3024-035A-8		
22 Jun	Transfer to own account: Mars Station	-576,178	61,202,156
	Harbourfront Shipping reimburses the Bank for a dock space at Mars Station that it rents by the second and has, for once, not used. The employer's accounts office agrees the charge is fair, and the Bank has passed the question on. Ref. CIBT-3024-1A32-6		
26 Jun	ATM withdrawal: Mars Station	-259,200	60,942,956
	A withdrawal from a joint account was shown against the wrong holder. The machine recorded your name, as it should, and the statement now shows Kesi Sorensen-Vey as the other holder of the 3 Standard days taken for both. Ref. CIBT-3024-2D93-7		
30 Jun	Interest at 4.00% APY	+206,505	61,149,461
	The posted rate was held at 4.00% for 31 days after the Authority's change, because the notice came by relay, and the relay had a delay of its own to attend to first. Ref. CIBT-3024-C70E-0

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
