Period 1–31 July 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
885,589,055 s	**+11,561,985 s**	**-42,330,589 s**	**854,820,451 s**

Date	Description	Amount (s)	Balance (s)
02 Jul	Transfer to own account: Mars Station	-42,178,319	843,410,736
	The cheque for 42,178,319 from Kofi Achterberg was endorsed in pencil. The Bank accepts pencil where it can be read; in this case it can be read only by the Teller, who says it reads "thanks, for the chair". Ref. CIBT-3003-820D-0		
17 Jul	Turbulence Cover	-24,535	843,386,201
	Your policy has been renewed 5 times without a change to its wording. The underwriters have stopped sending the wording with each renewal and now send only the date, which they say you will already know. Ref. CIBT-3003-36CD-8		
18 Jul	ATM withdrawal: Mars Station	-86,400	843,299,801
	You have never drawn the same sum twice from the machine at Mars Station, though you draw from it every month. The officers have a theory about this and have agreed not to test it. Ref. CIBT-3003-7976-9		
22 Jul	Slippage fee (Mars Station, 9 transfers)	-5,400	843,294,401
	Your 9 crossings waited at the Mars Station relay for 28 Standard days while a new operator asked the relay for its own reading before touching anything. The reading was written on the transfer slip, and the slip is the only record of it. The crossings have since gone through, and the slippage is charged for the crossing and not the wait. Ref. CIBT-3003-78D5-0		
28 Jul	Payroll credit: Belt Ore Consolidated	+8,462,424	851,756,825
	The wage from Belt Ore Consolidated lands at Hall E a few minutes before the business day opens, and the same officer logs it every month. The Bank has noticed the pattern and has not thought it needed a name. Ref. CIBT-3003-6A26-1		
30 Jul	Temporal Health Plan	-35,935	851,720,890
	The consultation was billed for 3 sessions and given for 34. The plan's file showed the higher figure, and the plan now shows the true one, and the difference has been returned to the member. Ref. CIBT-3003-3488-3		
31 Jul	Interest at 4.20% APY	+3,099,561	854,820,451
	Interest for 29 days was held at the relay at Mars Station until a second officer there confirmed the rate. The rate was the one posted here, which she said she had expected, and the days are paid in full. Ref. CIBT-3003-8986-1		

Closing balance, month by month

August 3002 July 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
