Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
11,734,973 s	**+1,577,853 s**	**-434,085 s**	**12,878,741 s**

Date	Description	Amount (s)	Balance (s)
01 Feb	Transfer to joint account	-88,485	11,646,488
	The auditors checked the joint line for 2998 against the copy kept at The Belt, and the two agree to the second. They ask that the word "shared" in the statement heading be left alone, as it is the one word in the file nobody has been asked to defend. Ref. CIBT-3003-26AF-7		
04 Feb	ATM withdrawal: The Belt	-86,400	11,560,088
	The sum of One Standard day at The Belt matches the withdrawal shown on the 4th last year to the note. The auditors have checked both, and the coincidence belongs to the machine, not the account. Ref. CIBT-3003-7FF2-3		
05 Feb	Deposit: Hall E	+1,388,327	12,948,415
	You bring the envelope in unsealed on the first working day, and the counter seals it in front of you, so the wax is the officers' and the contents remain yours. Ref. CIBT-3003-0646-6		
17 Feb	Payroll credit: Phobos Drydock	+147,476	13,095,891
	A standing instruction from Phobos Drydock for 28 days' pay in advance of each contract year was set up before the contract was signed. It has been cancelled and renewed 11 times since, and the renewals are filed with the instruction, which is also on file. Ref. CIBT-3003-2B70-7		
21 Feb	ATM withdrawal: The Belt	-259,200	12,836,691
	The 21st withdrawal at The Belt is the one you set up as a recurring instruction. The machine asks you to confirm it each time, which you do, and the sum has not varied by a single shift in all that time. Ref. CIBT-3003-C8F2-1		
28 Feb	Interest at 4.30% APY	+42,050	12,878,741
	Credited in local units at The Belt, then converted to our reckoning at the rate in force when that local day closed. The rate was not the one you were expecting, and the difference is shown on the line below. Ref. CIBT-3003-38F2-5

March 3002 February 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
