Period 1–31 October 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
13,225,752 s	**+194,868 s**	**-940,981 s**	**12,479,639 s**

Date	Description	Amount (s)	Balance (s)
08 Oct	Transfer to own account: Oakland Sector	-761,596	12,464,156
	Rounding of 761,596 on the transfer to Oakland Sector. The branch rounds in the customer's favour where it can and in the Bank's favour where it cannot. On this occasion it could. Ref. CIBT-3003-7EC2-9		
14 Oct	Slippage fee (Oakland Sector, 5 transfers)	-4,500	12,459,656
	This line records your second crossing, not your first. The first was entered on the previous statement at the wrong fee; the two have been matched, and the statement now shows 5 crossings where it showed 33 before. Ref. CIBT-3003-6BFA-3		
15 Oct	Transfer to joint account	-88,485	12,371,171
	The joint transfer waited 31 days because the posting day fell on the anniversary of the mandate, and the office does not post joint money on the day a mandate was signed. It went through the morning after, which was the first day it could. Ref. CIBT-3003-564B-3		
16 Oct	ATM withdrawal: Oakland Sector	-86,400	12,284,771
	The One Standard day was ready at Oakland Sector after a 6-minute pause, because the concourse's power was being moved to the relay's supply. The power was restored, and so was your cash. Ref. CIBT-3003-E03D-4		
29 Oct	Payroll credit: Phobos Drydock	+147,476	12,432,247
	Phobos Drydock reclassified your post in 2998, and the wage line was renamed "salary" on the remittance advice. The sum is unchanged. The Bank has altered the description and left the arithmetic where it was. Ref. CIBT-3003-7944-4		
31 Oct	Interest at 4.30% APY	+47,392	12,479,639
	Interest is paid on the balance at the start of each second, so the 47,392 that arrived at the counter at 14:03:59 earned nothing until 14:04:00, when it began earning as though it had been waiting all along. The statement shows the arrival and the first interest on the same line. Ref. CIBT-3003-9414-8		

Closing balance, month by month

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
