Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
2,232,506 s	**+1,294,007 s**	**-354,912 s**	**3,171,601 s**

Date	Description	Amount (s)	Balance (s)
06 Jun	Slippage fee (Ganymede, 4 transfers)	-1,200	2,231,306
	A fortnightly transfer to 8564-7493-0844 is charged its slippage at the Bank's rate for the crossing, which is lower on alternate fortnights for reasons the relay explains and the Bank does not repeat. The alternate fortnights are the ones you do not check, and the relay has noticed. Ref. CIBT-3027-F805-1		
15 Jun	ATM withdrawal: Ganymede	-259,200	1,972,106
	Phobos Drydock requires its drivers to draw their float at Ganymede, and this withdrawal was the float for 28 days of routes. The firm's cashier asks us to note that the float came back exact, which he regards as the firm's own achievement. Ref. CIBT-3027-4003-3		
15 Jun	Deposit: Hall E	+1,127,371	3,099,477
	You stand the envelope on its end at the window, and the officers have come to read it that way, which saves a turn at the counter. The saving has added up, the officers note, every Monday since 3027. Ref. CIBT-3027-A4F1-0		
26 Jun	Transfer to joint account	-94,512	3,004,965
	Both holders have asked for their statements to arrive on the same day. The post has not yet managed it, and the teller has stopped mentioning it. Ref. CIBT-3027-82E3-0		
27 Jun	Payroll credit: Phobos Drydock	+157,520	3,162,485
	Ganymede keeps the wage for its workers in a cabinet on the platform and releases it to the Bank by the same train that brings the post. The train is late more often than the wage, and the wage has never once been early. Ref. CIBT-3027-B12E-8		
30 Jun	Interest at 4.90% APY	+9,116	3,171,601
	Interest on the Ceres half is posted on the Ceres day, which the branch keeps in the old way and would not change for the Bank. The posting is therefore a day out of step with Head Office for most of the quarter, and is always right by its end. Ref. CIBT-3027-F26E-7		

Closing balance, month by month

March 3027 June 3027

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
