Period 1–31 January 3028
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
8,151,572 s	+592,346 s	-181,212 s	8,562,706 s

Date	Description	Amount (s)	Balance (s)
06 Jan	Slippage fee (Oakland Sector, 1 transfers)	-300	8,151,272
	The fee was shown in days on a line otherwise kept in seconds. The conversion is 0.30 seconds. The relay's days stay at the relay, and the statement has been re-run to show seconds alone. Ref. CIBT-3028-5244-2		
13 Jan	ATM withdrawal: Oakland Sector	-86,400	8,064,872
	The Audit Committee sampled this line and asked for the machine's own timestamp to be set against the branch's. The two differ by 28 seconds, which is inside the tolerance set for the concourse and is recorded as tolerated, not as explained. Ref. CIBT-3028-7B00-2		
19 Jan	Deposit: Hall E	+401,541	8,466,413
	The slip showed 2 coins and the envelope held 41 more than that. The count has been amended to match the envelope, which is the figure the officer counted at the window. Ref. CIBT-3028-C7D5-8		
20 Jan	Payroll credit: Phobos Drydock	+157,520	8,623,933
	Your charge for an early credit from Phobos Drydock was dropped at the counter. The money had arrived before the period it paid for, and the Bank holds that a wage which comes early should not be fined for its enthusiasm. Ref. CIBT-3028-C913-9		
30 Jan	Transfer to joint account	-94,512	8,529,421
	The joint transfer now comes through Phobos Drydock's payroll office, which sends it a few seconds before the due date. The early seconds are charged to the account, not to the holders, and the office has been told so. Ref. CIBT-3028-8756-3		
31 Jan	Interest at 4.90% APY	+33,285	8,562,706
	You have asked for the balance to be shown to 13 seconds each month. The Bank does so, and you check the last figure by hand against the rate, which you keep on the corner of a counter notepad. Ref. CIBT-3028-F92C-9		

Closing balance, month by month

Highest 8,562,706 s · lowest 671,301 s

March 3027 January 3028

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
