Date	Description	Amount (s)	Balance (s)
01 Jan	ATM withdrawal: Montréal Sector	-86,400	178,212,232
	Each month you draw the same One Standard day from the machine at Montréal Sector, and each month the sum is the same to the second. The Bank has set the limit to match, so that the account balances without anyone having to explain it. Ref. CIBT-3024-7BE2-1		
22 Jan	Memory Vault: box 22-283, quarter	-259,200	177,953,032
	You have never asked for the lid of box 22-283 to be lifted for you, though the custodian offers each quarter. The file records a wish for standing. Ref. CIBT-3024-F0C3-7		
29 Jan	Turbulence Cover	-23,376	177,929,656
	A claim for 22 minutes was entered on the carrier's form as 22 hours, which made an ordinary delay look like a voyage. The form has been struck and the minutes paid, which are the ones the holder had in mind. Ref. CIBT-3024-9D10-3		
29 Jan	Transfer to own account: Montréal Sector	-10,792,067	167,137,589
	The 10,792,067 from Dov Tranter was kept at the Montréal Sector relay for 31 days, because its covering letter was dated in the sender's future. The relay released it on the day the letter caught up, and the Bank has credited the interest it would have earned had it arrived on time. Ref. CIBT-3024-5283-1		
31 Jan	Interest at 4.90% APY	+728,052	167,865,641
	The interest was credited a second early, on the strength of a clock at Montréal Sector that the local office has since admitted was running fast. The early second has been taken back, and the sum is correct to the second. Ref. CIBT-3024-A19E-1
