Opening balance	Credits	Debits	Closing balance
159,141,693 s	**+1,513,536 s**	**-8,584,663 s**	**152,070,566 s**

Date	Description	Amount (s)	Balance (s)
01 Jun	ATM withdrawal: Montréal Sector	-86,400	159,055,293
	Last month's statement printed this withdrawal twice, once with its fee and once without. The fee was the correct one, and the second line has been removed without any other change. Ref. CIBT-3026-64E5-1		
04 Jun	ATM withdrawal: Montréal Sector	-86,400	158,968,893
	The machine at Montréal Sector dispenses in days and reports in days and seconds, so every receipt has two readings. You read both aloud at the counter, and the difference, 0.959, has been checked by the Teller and found to be in the machine's favour. Ref. CIBT-3026-9579-5		
06 Jun	Turbulence Cover	-9,115	158,959,778
	The policy's list of covered delays was extended by 31 items in 3025, including a delay caused by the carrier's reluctance to leave the quay. The underwriter has asked that the item be explained, and has been told that it explains itself. Ref. CIBT-3026-E4C7-6		
12 Jun	Payroll credit: Kepler Ring Hydroponics	+863,708	159,823,486
	The credit from Kepler Ring Hydroponics arrived on the 12th. The employer's record shows it sent on the 12th of the following month. The Bank has filed it under the earlier date, and the employer has asked for no explanation. Ref. CIBT-3026-FB3A-5		
19 Jun	Transfer to own account: Montréal Sector	-8,402,748	151,420,738
	Lagrange posts its sundries at the close of its own shift, which is not the close of the day. This one was posted at the start of a shift the Head Office does not keep, and no one has yet asked for it back. Ref. CIBT-3026-98B4-4		
30 Jun	Interest at 4.90% APY	+649,828	152,070,566
	"The interest is the easy part," the Teller says. "It is the balance that surprises people, and the balance only does what the interest tells it to." The same depositor has heard this for 10 years and has never disputed it. Ref. CIBT-3026-2A8F-4		

Closing balance, month by month

July 3025 June 3026

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
