Date	Description	Amount (s)	Balance (s)
12 Mar	Deposit: Hall E	+34,612,526	514,315,238
	Your coins came in the order they were put into the tin, which the Teller says makes the total very easy to check and the rest of the afternoon a little harder to enjoy. Ref. CIBT-3022-BAB9-3		
22 Mar	ATM withdrawal: Venus	-86,400	514,228,838
	Withdrawals of One Standard day are made each Standard week at Venus for a sum the holder has never named. The machine pays out without comment, and the holder says nothing in return, which the Bank takes as consent. Ref. CIBT-3022-C4A5-6		
25 Mar	Payroll credit: the Authority Records Office	+3,024,041	517,252,879
	The Authority Records Office at Venus sends its pay in days on the sixth day of that world's week. The remittance waited in a compartment with its own small lock until the local office confirmed that the week had been kept, and it is credited on this statement. Ref. CIBT-3022-9FEA-0		
26 Mar	Slippage fee (Venus, 8 transfers)	-4,800	517,248,079
	Transfers from Venus arrive after the day that sent them, because the far side of the crossing keeps its own sunrise. The fee follows the seconds spent in transit and not the day, and the local office asks that this be stated. Ref. CIBT-3022-11C7-9		
27 Mar	Transfer to joint account	-1,814,424	515,433,655
	You have kept your own list of the joint transfers since 3021 in the back of a pocket notebook, in a hand the Bank has never been shown. The list agrees with the statement to the second on every line it contains. Ref. CIBT-3022-BD15-5		
31 Mar	Interest at 3.30% APY	+1,319,182	516,752,837
	Interest for the period was rounded to the nearest whole second at the close of the Pallas Ring 10 day. The fraction left over has been carried forward and will be added to the next period, where it will stay. Ref. CIBT-3022-13A9-1
