Date	Description	Amount (s)	Balance (s)
07 May	ATM withdrawal: Delhi Sector	-172,800	537,548,951
	Taken out on the morning the Authority Records Office posted your pay, at Delhi Sector. Cash taken on the day wages arrive is, the officer on the concourse says, the oldest arrangement on the platform, and the machine has never asked for an explanation. Ref. CIBT-3022-AAA3-5		
10 May	Deposit: Hall E	+18,106,309	555,655,260
	The deposit was counted while you stood at the window with one hand flat on the counter, which you do whenever a sum is being checked. The Teller has taken this to mean you are satisfied, and has noted it on your file. Ref. CIBT-3022-A4C5-6		
11 May	Payroll credit: the Authority Records Office	+3,024,041	558,679,301
	The Authority Records Office wages were 31 days late. The remittance had sat on the carrier's manifest while the carrier checked it against the employer's, and both checks came back correct, so the wages were late for exactly as long as the checking took. Ref. CIBT-3022-0B62-7		
28 May	ATM withdrawal: Delhi Sector	-86,400	558,592,901
	An earlier line gave the machine's place as Delhi Sector, when the card was used at the next machine along the concourse, which has the same number. The line has been changed. The cash came from the one you were standing at. Ref. CIBT-3022-9B9F-9		
28 May	Slippage fee (Delhi Sector, 3 transfers)	-2,700	558,590,201
	The relay's clock was 50 seconds behind the Head Office's on the day of your crossing, which the relay has been asked to explain. It did not. The fee was charged on the difference, which was small, and the transfer arrived on time by the relay's clock, which is the only clock the transfer ever travelled by. Ref. CIBT-3022-480F-5		
30 May	Transfer to joint account	-1,814,424	556,775,777
	The Mars half of the joint account is paid in days on the first Mars day of the month, which falls 31 days after this one. The Bank holds the Earth share for the difference, and both holders have agreed to be patient about it. Ref. CIBT-3022-4557-2		
31 May	Interest at 3.30% APY	+1,478,734	558,254,511
	The posting of this interest was entered twice in the first run of the month, once from the branch and once from the relay's copy of the same close. The duplicate has been struck, and the account has not been paid twice for one period. Ref. CIBT-3022-2261-2

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
