Opening balance	Credits	Debits	Closing balance
698,686,293 s	**+4,945,428 s**	**-28,852,469 s**	**674,779,252 s**

Date	Description	Amount (s)	Balance (s)
03 Oct	Payroll credit: the Authority Records Office	+3,024,041	701,710,334
	The Authority Records Office keeps its pension top-up on the same line as your wage, because the firm has never seen a reason to separate its wages from its kindness, and the Bank has not been asked to separate them either. Ref. CIBT-3026-8FA8-0		
08 Oct	ATM withdrawal: Mars Station	-86,400	701,623,934
	Withdrawals of One Standard day are made each Standard week at Mars Station for a sum the holder has never named. The machine pays out without comment, and the holder says nothing in return, which the Bank takes as consent. Ref. CIBT-3026-BEF9-5		
18 Oct	ATM withdrawal: Mars Station	-86,400	701,537,534
	The withdrawal was held 29 Standard days at Mars Station while a second relay was found to confirm the first. The first had been confirmed by an operator who had since gone to another world, and the second confirmation came down the line within the hour. Ref. CIBT-3026-AC3B-2		
18 Oct	Transfer to own account: Mars Station	-26,606,045	674,931,489
	For the auditors: the sundry on this line was agreed with an officer who has since left the Bank, and the agreement is held in the file in her hand. The sum matches the note, and the note matches the file. Ref. CIBT-3026-19F0-7		
20 Oct	Memory Vault: box 15-637, quarter	-259,200	674,672,289
	Box rental is charged to the nearest half-second per day, and the 0.970 left over this quarter has been rounded in the Vault's favour, as the terms permit. Ref. CIBT-3026-0C94-7		
26 Oct	Transfer to joint account	-1,814,424	672,857,865
	The late charge on the joint transfer was not raised. Each holder wrote separately, on the same morning, to say that they had been on time, and the Bank found the two letters to agree with one another in every particular but the handwriting. Ref. CIBT-3026-7EE0-4		
31 Oct	Interest at 3.30% APY	+1,921,387	674,779,252
	The Mars Station portion of the account accrues at the local day's length, which runs 28 hours longer than the Head Office's, so one local day pays more than one day here. The statement converts the local figure to Head Office seconds and shows both, so that you can see the one the rate has earned. Ref. CIBT-3026-5E8A-6

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
