Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
542,680,886 s	**+19,240,054 s**	**-1,989,624 s**	**559,931,316 s**

Date	Description	Amount (s)	Balance (s)
07 Feb	Payroll credit: the Authority Records Office	+3,024,041	545,704,927
	The Authority Records Office sends its wage with a card that shows a small printed map of the route the money took. The holder has been asked to keep the card and has kept it, in order, with the route traced in pencil. Ref. CIBT-3029-9291-9		
07 Feb	Transfer to joint account	-1,814,424	543,890,503
	The auditors compared the joint statements with the household's own copies. They agree, except for one line in Kesi Bellweather's hand that reads "see me". The line has been left as written, and nobody has yet been seen. Ref. CIBT-3029-E342-8		
08 Feb	Slippage fee (Svalbard, 4 transfers)	-2,400	543,888,103
	The clock in the window at Hall E runs 14 seconds behind the relay's, which you have timed every month since 3024 and reported in writing. The Bank has charged your fee on the window's figure, and the window clock has been set to agree with the Bank, which is the only instance in the file of a clock taking advice. Ref. CIBT-3029-A69F-2		
13 Feb	Deposit: Hall E	+14,723,641	558,611,744
	The Authority Records Office sent its share in a bundle held with a paperclip the company had meant to replace since 3027. The clip was removed for the count and returned with the receipt, which the company asked to have back. Ref. CIBT-3029-C989-3		
20 Feb	ATM withdrawal: Svalbard	-172,800	558,438,944
	You draw 2 Standard days and then send a note to the branch asking whether the sum was correct. The file says the answer is always yes, that you know this, and that you ask anyway. Ref. CIBT-3029-C857-7		
28 Feb	Interest at 3.30% APY	+1,492,372	559,931,316
	Asked whether the rate was the right rate, the Teller said that she had not chosen it, had not been consulted, and had been reading it out for years with no sign of its objecting. She then read it out. Ref. CIBT-3029-D9D0-7		

Closing balance, month by month

March 3028 February 3029

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
